
LABRADOR IRON MINES CCAA PLAN OF ARRANGEMENT

APPROVED BY CREDITORS

Toronto, Ontario, December 6, 2016. **Labrador Iron Mines Holdings Limited (“LIMH”)** reports that its Plan of Compromise and Arrangement (the “**Plan**”) under the Companies’ Creditors Arrangement Act (“**CCAA**”) was approved at creditors’ meetings held today in Toronto.

The Plan was approved unanimously by creditors of LIMH who voted in person or by proxy and by approximately 95% in value of creditors of LIMH’s wholly owned subsidiaries Labrador Iron Mines Limited and Schefferville Mines Inc, with only one contested claim creditor voting against approval.

An application for sanction of the Plan by the Court will be heard on Wednesday, December 14, 2016. If Court sanction is obtained at that time, it is expected that the Plan will be implemented shortly thereafter.

LIM instituted the CCAA proceedings to provide an opportunity for the orderly restructuring of its business and financial affairs.

The Plan provides a framework to restructure LIM’s business so as to preserve its mining assets, permit the Company to continue its site activities in a standby mode in the near term and to position the Company to refinance an orderly resumption of its iron ore mining activities when economic conditions warrant, while affording creditors an opportunity to recover their debts through their equity participation in the future profits of the Company’s business.

About Labrador Iron Mines Holdings Limited

Labrador Iron Mines (LIM) is engaged in the mining, exploration and development of its direct shipping (DSO) deposits located in the Schefferville/Menihek region of the prolific Labrador Trough. LIM commenced mining operations in 2011 and in the three year period of 2011, 2012 and 2013 produced a total of 3.6 million dry metric tonnes of iron ore, all of which was sold in 23 cape-size shipments into the Chinese spot market.

LIM's current focus is completing its financial restructuring and seeking additional financing. The Company is also working on development of its Houston Mine, to be in a position to complete construction and begin mining operations from Houston when market conditions permit, subject to completion of financing and negotiation of major contracts.
