LABRADOR IRON MINES HOLDINGS LIMITED

NOTICE OF ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that an annual and special meeting of the shareholders (the "**Meeting**") of Labrador Iron Mines Holdings Limited (the "**Corporation**") will be held at 220 Bay Street, 12th Floor, Toronto, Ontario on Tuesday, the 15th day of September 2015 commencing at 10:00 a.m. (Toronto time) for the following purposes:

1. to receive and consider the financial statements of the Corporation for the fiscal year ended March 31, 2015, together with the report of the auditors thereon;
2. to elect Directors;
3. to appoint the auditors for the ensuing year and to authorize the Directors to fix the remuneration to be paid to the auditors;
4. to consider and, if thought fit, to pass an ordinary resolution to confirm By-Law No. 3 of the Corporation which amends the Corporation's general By-Laws to change the quorum for the transaction of business at any meeting of shareholders to two shareholders present in person or by Proxy and each entitled to vote thereat, as more particularly described in the accompanying information circular; and
5. to transact such further or other business as may properly come before the Meeting or any adjournment(s) thereof.

The specific details of the matters proposed to be put before the Meeting are set forth in the Corporation's Information Circular (the "**Circular**") dated August 6, 2015.

Shareholders who are unable to attend the Meeting in person are requested to complete, date, sign and return the enclosed form of Proxy.

The Circular has been prepared to help you make an informed decision on each of the matters to be voted on at the Meeting. Please review the Circular carefully before voting. The Corporation has elected to use the notice-and-access provisions under National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer (the "**Notice and Access Provisions**") for the Meeting. The Notice and Access Provisions allow the Corporation to post proxy-related materials both on SEDAR and a non-SEDAR website, rather than delivering the materials by mail. Shareholders will still receive this Notice of Meeting and a form of Proxy (or voting instruction form, if applicable) and may choose to receive a paper copy of the Circular. The Corporation will not use procedures known as "stratification" in connection with the Meeting. Stratification occurs when a reporting issuer using notice-and access provides a paper copy of the relevant Circular to some, but not all, shareholders with the notice package in relation to the relevant meeting.

The Meeting materials, including the Circular, are available on the Corporation's website at www.labradorironmines.ca/corporate/invest_regulatory-reports.php and will remain on the website for at least one full year from the date of this Notice. The Meeting materials are also available under the Corporation's profile on SEDAR at www.sedar.com.

Any shareholder who wishes to receive a printed paper copy of the Circular may request a copy from the Corporation by calling (647) 728-4106 or request by e-mail at www.labradorironmines.ca/invest_request_for_information. If a shareholder requests a printed copy of the Circular prior to the date of the Meeting, the Corporation will send a printed paper copy of the Circular to the requesting shareholder at no cost to them within three business days of the request. If a shareholder requests a printed paper copy of the Circular after the date of the Meeting, the Corporation will send printed paper copies of the Circular to requesting shareholders at no cost to them within ten calendar days of their request. A shareholder may also contact the Corporation at the contact number or address above to request and receive a copy of the Corporation's Financial Statements and MD&A.

In order to allow for reasonable time to be allotted for a shareholder to receive and review a paper copy of the Circular prior to the proxy deadline, any shareholder wishing to request a paper copy of the Circular as described above, should ensure such request is received by September 4, 2015.

To obtain additional information about the Notice and Access Provisions, a shareholder may contact the Corporation by calling the following number: (647) 728-4106. All shareholders are invited to attend the Meeting. Only shareholders at the close of business on August 6, 2015 are entitled to receive notice of and vote at the Meeting. If you are a registered shareholder, you will have received this Notice of Meeting and a form of Proxy. Registered shareholders who are unable to attend the Meeting are requested to read the notes included in the form of Proxy enclosed and then to complete, date, sign and mail the enclosed form of Proxy, or to complete the Proxy by telephone or the internet, in accordance with the instructions set out in the Proxy. Completed Proxies must be received by 10:00 a.m. (Eastern Standard Time) on September 11, 2015, unless the chairman of the Meeting elects to exercise her discretion to accept Proxies received subsequently.

If you are a non-registered (beneficial) shareholder, you will have received this Notice and a voting instruction form. Non-registered shareholders are requested to read the instructions included in the voting instruction form enclosed and then to complete the voting instruction form in accordance with the instructions, and by the deadline, set out therein.

DATED at the City of Toronto, the Province of Ontario, this 6th day of August 2015.

BY ORDER OF THE BOARD OF DIRECTORS

“John F. Kearney”

MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This management information circular (the “**Circular**”) is furnished in connection with the solicitation by management of Labrador Iron Mines Holdings Limited (the “**Corporation**”) of proxies to be used at the annual and special meeting of shareholders of the Corporation (the “**Meeting**”) referred to in the accompanying Notice of Annual and Special Meeting of Shareholders (the “**Notice**”) to be held on Tuesday, September 15, 2015, at the time and place and for the purposes set forth in the Notice. **The solicitation will be made primarily by mail, but proxies may also be solicited in person or by telephone, by regular employees of the Corporation. The cost of solicitation will be borne by the Corporation. The information contained herein is given as of August 6, 2015, unless indicated otherwise.**

NOTICE-AND-ACCESS

The Corporation has elected to use the notice and access provisions (“**Notice and Access Provisions**”) for the Meeting pursuant to National Instrument 54-101 Communication with Beneficial Owners of Securities of a Reporting Issuer (“**NI 54-101**”) with respect to the mailing to its registered and non-registered (beneficial) shareholders. The Notice and Access Provisions allow the Corporation to post proxy-related materials both on SEDAR and a non-SEDAR website, rather than delivering the materials by mail. Shareholders will receive a Notice of Meeting and a form of Proxy or voting instruction form and may choose to receive a printed paper copy of the Circular. The Corporation is not using procedures known as ‘stratification’ in relation to the Notice and Access Provisions. Stratification occurs when a reporting issuer using the Notice and Access Provisions provides a paper copy of the Circular to some, but not all, shareholders with the Notice of Meeting.

APPOINTMENT OF PROXIES

If you are a shareholder whose name appears on the Corporation’s share register as a shareholder (a “**Registered Shareholder**”), you may wish to vote by Proxy whether or not you are able to attend the Meeting in person.

The individuals named in the form of proxy provided by the Corporation (the “**Proxy**”) are directors or officers of the Corporation. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of Proxy.**

VOTING BY PROXYHOLDERS

Your shares will be voted for or against, or withheld from voting on each item listed on the Proxy in accordance with your instructions on your Proxy.

If you do not specify how you want to vote on any item listed on the Proxy, the directors or officers named in the Proxy will vote the shares represented by the Proxy FOR the approval of that item.

If you choose to appoint someone other than the directors or officers named in the Proxy to vote on your behalf at the Meeting, he or she will vote your shares in accordance with your instructions. On items for which you do not specify how you want to vote, your proxyholder will vote your shares as he or she sees fit.

The Proxy also gives discretionary authority to the proxyholder, whether a director or officer of the Corporation or a person named by you, to vote your shares as he or she sees fit on any other matter that may properly come before the Meeting.

Registered Shareholders

The only methods by which you as a Registered Shareholder may appoint a person as your Proxy are by submitting a completed, dated and signed Proxy to the Corporation's transfer agent, Computershare Investor Services Inc. ("**Computershare**"), Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1. Voting online can be accessed via www.investorvote.com and telephone voting on 1-866-732-8683.

A Proxy will not be valid unless completed, dated, signed and received by Computershare at least 48 hours (excluding Saturdays, Sundays, and holidays) before the time of the Meeting, or any adjournment thereof.

Beneficial Shareholders

The information in this section is of significant importance to shareholders who do not hold shares in their own name (referred to as "**Beneficial Shareholders**"). Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meetings are those deposited by Registered Shareholders. Beneficial Shareholders may only vote their shares as set out in the following disclosure.

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the records of the Corporation. Such shares will more likely be registered under the names of the shareholder's broker or an agent of that broker (an "**intermediary**"). In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for the Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: those who object to their name being made known to the issuers of the securities which they own (referred to as "**OBOs**" for "**Objecting Beneficial Owners**") and those who do not object to the issuers of the securities they own knowing who they are (referred to as "**NOBOs**" for "**Non-Objecting Beneficial Owners**").

Non-Objecting Beneficial Owners

The Corporation is taking advantage of those provisions of National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer of the Canadian Securities Administrators, which permit the Corporation to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable Voting Instruction Form ("**VIF**") from Computershare. These VIFs are to be completed and returned to Computershare as set out in the instructions provided on the VIF. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the

Meeting with respect to the shares represented by the VIFs it receives. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Corporation) other than any of the persons designated in the VIF to represent your shares at the Meeting and that person may be you.

This Circular, with related material, is being sent or made available to both registered and non-registered owners of the Corporation. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name, address and details about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary who holds your shares on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the intermediary holding your shares on your behalf) has assumed responsibility for (i) delivering the materials to you, and (ii) executing your proper voting instructions. Please return your VIF as specified in your request for voting instructions that you receive.

Objecting Beneficial Owners

Beneficial Shareholders who are OBOs should carefully follow the instructions of their broker or intermediary in order to ensure that their shares are voted at the Meeting.

The form of Proxy that will be supplied by your broker will be similar to the Proxy provided to registered shareholders by the Corporation. However, its purpose is limited to instructing the intermediary how to vote your shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in the United States and in Canada. Broadridge will mail a VIF in lieu of a Proxy provided by the Corporation. The persons named in the VIF to represent your shares at the Meeting will be the same as those named to represent the registered shareholders in the Corporation’s Proxy. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Corporation) other than any of the persons designated in the VIF to represent your shares at the Meeting and that person may be you. To exercise this right, insert the name of your desired representative (which may be you) in the blank space provided by the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting and the appointment of any shareholder’s representative. **If you receive a VIF from Broadridge, the VIF must be returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your shares voted at the Meeting, or to have an alternative representative duly appointed to attend and to vote your shares at the Meeting.**

Voting by Telephone or Internet

Shareholders may convey their voting instructions using a touch-tone telephone or the Internet. The relevant toll-free telephone number or website address is set out on the VIF and Proxy. Follow the instructions given over the telephone or through the Internet to cast your vote. When instructed to enter a control number or holder account number and Proxy access number, refer to your VIF or your Proxy. Votes conveyed by telephone or the Internet must be received no later than the cut-off time given on the voting instruction form or the Proxy.

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of Canada and securities laws of the provinces in Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as amended, are not applicable to the Corporation or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure

requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be adversely affected by the fact that the Corporation is incorporated under the Business Corporation Act (Ontario), as amended, such that certain of its directors and its executive officers are residents of Canada and countries other than the United States, and all of the assets of the Corporation and a substantial portion of the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

REVOCABILITY OF PROXY

Any Registered Shareholder who has returned a Proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a Proxy may be revoked by instrument in writing, including a Proxy bearing a later date, executed by the Registered Shareholder or by his attorney authorized in writing or, if the Registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the Proxy must be deposited at the registered office of the Corporation, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting. **Only Registered Shareholders have the right to revoke a Proxy. Non-registered holders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective Intermediaries to revoke the Proxy on their behalf.**

EXERCISE OF DISCRETION BY PROXIES

Shares represented by properly executed Proxies in favour of the persons named in the enclosed form of Proxy will be voted on any ballot that may be called for and, where the person whose Proxy is solicited specifies a choice with respect to the matters identified in the Proxy, the shares will be voted or withheld from voting in accordance with the specifications so made. **Where shareholders have properly executed Proxies in favour of the persons named in the enclosed Proxy and have not specified in the Proxy the manner in which the named Proxies are required to vote the shares represented thereby, such shares will be voted in favour of the passing of the matters set forth in the Notice.** The enclosed Proxy confers discretionary authority with respect to amendments or variations to the matters identified in the Notice and with respect to other matters that may properly come before the Meeting. At the date hereof, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which at present are not known to management of the Corporation should properly come before the Meeting, the Proxy will be voted on such matters in accordance with the best judgment of the named Proxies.

INTERESTS OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No person who has been a director or executive officer since the beginning of the Corporation's last fiscal year, no proposed nominee for election as a director, and no associate or affiliate of any such persons has any material interest, direct or indirect, by way of a beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Each holder of common shares in the capital of the Corporation (“**Common Shares**”) of record at the close of business on August 6, 2015 (the “**Record Date**”) will be entitled to vote at the Meeting or at any adjournment thereof, either in person or by Proxy. However, such holder will **not** be entitled to vote to the extent that such holder has transferred any Common Shares after the Record Date and the transferee of such Common Shares establishes proper ownership thereof and demands, not later than ten days before the Meeting, to be included in the list of shareholders entitled to vote at the Meeting, in which case such transferee is entitled to vote.

As at August 6, 2015, the Corporation had 126,323,123 issued and outstanding Common Shares.

Each Common Share carries the right to one vote per share.

To the knowledge of the Corporation’s directors and executive officers, the following table lists all persons or companies who beneficially own, control or direct, directly or indirectly, 10% or more of the outstanding Common Shares:

Name	Number of Common Shares Beneficially Owned, Controlled or Directed (Directly or Indirectly)	Percentage of Issued and Outstanding Common Shares as of August 6, 2015
Anglesey Mining plc ⁽¹⁾	19,289,100	15.3%

(1) Held through its wholly-owned subsidiary Labrador Iron plc.

As at the date hereof, the directors and senior officers of the Corporation, as a group, beneficially own, directly or indirectly, or exercise control or direction over approximately 3.57% of the outstanding Common Shares.

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

1. RECEIVING THE FINANCIAL STATEMENTS

The consolidated financial statements of the Corporation for the fiscal year ended March 31, 2015 together with the Auditors Report thereon are available on the Corporation’s website at www.labradorironmines.ca or under the Corporation’s Profile on the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) at www.sedar.com and have been mailed to the Corporation’s registered and Beneficial Shareholders who requested them. Management will review the Corporation’s financial results at the Meeting and shareholders will be given an opportunity to discuss these results with management.

2. ELECTION OF DIRECTORS

Under the constating documents of the Corporation, the board of directors of the Corporation (the “**Board**” or the “**Directors**”) consist of a minimum of three and a maximum of nine Directors, to be elected annually. The Board currently consists of six Directors, and the Board has fixed the number of directors to be elected at six. Accordingly, management proposes to nominate six Directors for election to the Board at the Meeting. Each Director holds office until the next annual meeting or until his or her successor is duly elected or appointed unless his or her office is earlier vacated in accordance with the Corporation’s by-laws.

The management representatives named in the attached Proxy intend to vote the Common Shares represented by such Proxy FOR the election of each of the Directors listed in this Circular unless a shareholder specifies in the Proxy that his or her Common Shares are to be withheld from voting in respect to the election of such Director.

Currently, votes must be cast by shareholders either “for” the election of a director on an individual basis, or such shares may be “withheld” from voting for the election of a director. A vote “withheld” is not a “vote” in law and will not be counted in the calculation of the votes cast on a resolution.

STATEMENT OF EXECUTIVE COMPENSATION

Objectives of Executive Compensation

The Board has appointed a Compensation Committee which has responsibility for recommending compensation for the Directors and senior management. Interested executives do not participate in reviews, discussions or decisions of the Compensation Committee or the Board of Directors regarding their remuneration. The Compensation Committee's responsibilities and composition are described below under the heading "Corporate Governance Disclosure – Compensation Committee".

In view of the financial situation of the Corporation and the outlook for the Corporations Schefferville projects having regard to the price of iron ore, the Corporation implemented reductions in compensation across the organisation during year ended March 31, 2014 and this policy continued in the year ended March 31, 2015.

In normal circumstances the Corporation's objectives of Executive Compensation are, having regard to the financial position of the Corporation, to provide total compensation packages to senior executive officers in order to ensure senior management is appropriately engaged and retained. Normally the general compensation philosophy for executive officers, including for the CEO, is to provide a level of base compensation that is competitive within the North American marketplace and that will attract and retain individuals with the experience and qualifications necessary for the Corporation to be successful, and to provide longer-term incentive compensation, through the grant of stock options, to members of senior management whose actions have a direct and identifiable impact on the performance of the Corporation and who have material responsibility for long-range strategy development and implementation which aligns the interest of executives with those of shareholders.

Historically, prior to the year ended March 31, 2015, the compensation of Named Executive Officers of the Corporation has been comprised primarily of cash compensation and the allocation of incentive stock options. In establishing levels of remuneration and in granting stock options, an executive's responsibilities, level of experience, length of service to the Corporation and comparable levels of remuneration paid to similar executives of other companies of comparable size and development within the industry are taken into consideration.

The Compensation Committee relies on the general knowledge and experience of its members, and recommendations from the Chief Executive Officer, in reviewing appropriate levels of compensation for Named Executive Officers and the implementation of, or amendment to, any other aspects of compensation that the Compensation Committee may review from time to time. All Compensation Committee members have relevant general, but not direct, experience in executive compensation and compensation policies and practices in the mineral resources business gained through current and prior experience in business and the minerals industry.

While the Corporation does not actively benchmark its compensation programs for Named Executive Officers, and the individual components thereof, the Compensation Committee does review compensation levels within the industry, primarily through the use of third-party "Compensation Reports", which are available through certain consulting firms. These reports typically include information for larger mining companies but do assist the Committee and the Corporation in determining approximately the salary levels and other benefits in place across the industry.

The Compensation Committee is responsible for considering the risks associated with the Corporation's compensation policies and practices and has not identified any specific risks associated with the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect.

Because of the current scale and scope of the Corporation's operations, and the limited number of senior management and employees, and the oversight by the Board of all significant activities, including risk management, the Compensation Committee does not believe that the Corporation's compensation policies and practices would encourage any executive officer to take inappropriate or excessive risk.

Compensation Discussion and Analysis

The Corporation did not have a formal compensation plan in place for its Named Executive Officers during the three fiscal years ended March 31, 2015.

The use of traditional performance standards, such as corporate profitability, was not considered to be appropriate in the evaluation of corporate or executive performance, and the Committee and the Board of Directors considered the results of operations and the financial situation of the Corporation in a wider context regarding the ongoing development of the Corporation's mining operations at the Schefferville Projects when setting its executive compensation levels.

To date, the compensation of executive officers has been comprised of cash compensation, incentive performance bonus and incentive stock options. During year ended March 31, 2014, the Corporation implemented reductions in compensation across the organisation and this policy continued in the year ended March 31, 2015. In future years, the grant of deferred share units under the Corporation's DSU Plan may also form part of the equity component portion of the total remuneration of senior executive officers.

Base Salary

The Corporation provides executive officers with annual salaries which represent their base compensation for services rendered during the fiscal year. Salary levels are based upon the executive's responsibilities, experience and performance. Base salaries are recommended by the Chief Executive Officer and generally reviewed by the Compensation Committee.

During the year ended March 31, 2014, having regard to the financial position of the Corporation, the Corporation implemented major reductions in staff and compensation levels across the organisation and revised terms of engagement were implemented for each of the Chief Executive, the Chief Operating Officer, and the Senior Vice President Operations, effective April 1, 2014 for their continuing services as officers of the Corporation.

Effective April 1, 2014, John Kearney agreed that 40% of his annual salary should be deferred and accrued.

Effective April 1, 2014, the employment agreements with each of Rodney Cooper President and Chief Operating Officer and Aiden Carey Senior Vice President of Operations were amended to eliminate their contractual entitlements to notice upon termination and to payment of amounts equal to their then current annual salary in consideration of one-time payments of \$94,000 and \$90,000, respectively, and their base compensation was reduced by 40% and 50% respectively.

Effective April 1, 2014, the annual base salary of, Rodney Cooper President and Chief Operating Officer was decreased from \$350,000 to \$210,000 for work performed on a part time basis.

Effective April 1, 2014, the annual base salary of, Aiden Carey Senior Vice President of Operations was decreased from \$250,000 to \$125,000 for work performed on a half-time basis.

In the event the named Executive officers are required to work additional hours beyond the basic part time commitment they are entitled to additional compensation at a pro-rated rate.

In November 2012, Richard Pinkerton, previously Vice President, Finance, was appointed as Chief Financial Officer at a base salary of \$144,000 per year.

Performance Incentives and Bonus

The Corporation did not set formal, person-specific, performance goals for the Chief Executive Officer or other Named Executive Officers for the fiscal year ended March 31, 2015.

The Corporation does not have a formal annual incentive bonus plan in place. Goals and objectives for the Corporation are typically set through discussions at board meetings, and follow-up on progress would typically take place at subsequent board meetings. Any award of a bonus to Named Executive Officers is at the discretion of the Board of Directors based upon recommendation by the Compensation Committee. In considering the payment of a bonus to Named Executive Officers, upon successful completion of performance goals, the Compensation Committee takes into account the individual performance and efforts of the executive, the progress made by the Corporation in furthering its business plan and the overall success of the Corporation.

Given the size of the Corporation, this is considered appropriate to effectively manage the business and allow the Named Executive Officers to move the business forward.

Equity Based Compensation - Stock Options

The grant of stock options to purchase common shares of the Corporation, pursuant to the Corporation's Stock Option Plan, is normally an integral component of executive officer compensation packages. The Corporation's Stock Option Plan is administered by the Corporation's Board of Directors in consultation with its Compensation Committee composed entirely of independent Directors. The stock option plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, reward current and future performance, and to enable the Corporation to attract and retain individuals with experience and ability. Stock option grants are considered when reviewing Named Executive Officer compensation packages as a whole.

No stock options were granted during the years ended March 31, 2015 or March 31, 2014.

The Corporation has not, to date, prohibited its Named Executive Officers or Directors from purchasing financial instruments designed to hedge or off-set a decrease in market value of any stock options granted as compensation or of options or shares of the Corporation held directly or indirectly by a Named Executive Officer or Director.

As at March 31, 2015, there were 1,030,000 stock options issued and outstanding and as at the date of this Circular representing less than 1% of the Corporation’s then issued and outstanding shares.

The Stock Option Plan is administered by the Corporation’s Board of Directors upon advice of the Compensation Committee. Stock options may be granted at any time to any director, senior officer, key employee or other person providing services to the Corporation (each an “**Optionee**”), taking into consideration his or her present and potential contribution to the success of the Corporation and any other factor which the Board or the Compensation Committee may deem proper and relevant.

Summary of Deferred Share Unit Plan

In 2012, Shareholders ratified the adoption of a Deferred Share Unit (“**DSU**”) plan for the purposes of providing a form of stock-based compensation, other than stock options, for eligible participants which includes Directors and key executives. The purpose of the DSU Plan is to assist the Corporation in attracting, retaining and motivating qualified individuals to serve as members of the Board and to promote a greater alignment of interest between eligible Directors and shareholders.

As of April 1, 2014, in view of the financial position of the Corporation, the independent Directors waived their participation in the DSU Plan for the fiscal year ending March 31, 2015.

Pension Plan Benefits

The Corporation does not provide any form of group pension plan benefits to employees, officers or Directors.

Termination and Change of Control Benefits

The Corporation has no compensatory plan or arrangement in respect of compensation received or that may be received by an executive officer of the Corporation in the Corporation’s most recently completed or current financial year to compensate such executive officer in the event of the termination of employment (resignation, retirement, change of control) or in the event of a change in responsibilities following a change in control.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

The following discloses the Corporation’s corporate governance practices as required by NI 58-101 *Disclosure of Corporate Governance Practices*.

1. The Board of Directors

During the year ended March 31, 2015, Messrs. Coon Come, Cunningham and Gauthier were considered independent Directors since they are all independent of management and free from any material relationship with the Corporation. The basis for this determination is that, since the beginning of the fiscal year ended March 31, 2015, none of the independent Directors has worked for the Corporation, received direct

remuneration from the Corporation or had material contracts with or material interests in the Corporation which could interfere with their ability to act with a view to the best interests of the Corporation.

William Hooley and Danesh Varma, are not considered independent within the meaning of NI 58-101 in that they have been within the last three years executive officers of the Corporation, However they are Directors and, respectively, Chief Executive and Chief Financial Officer, of Anglesey Mining plc, the largest shareholder in the Corporation, and in view of the Corporations Board of Directors do not have a material relationship with the Corporation which could be reasonably expected to interfere with the exercise of such Directors independent judgement.

The Chairman of the Corporation, John F. Kearney, is not independent in that he is also Chief Executive Officer of the Corporation.

Management Supervision by the Board

The Corporation has an experienced Board of Directors that has the ability to function independently of management and supervise the business and affairs of the Corporation.

The Board believes that it functions independently of management and the independent Directors have regular and full access to all members of senior management. The Board has appointed a lead director, Eric Cunningham, who is independent of management. The Chief Executive Officer, the Chief Operating Officer and the Chief Financial Officer report upon the operations of the Corporation directly to the Board on a regular basis.

To enhance its ability to act independently of management, the Board may meet in the absence of members of management and the non-independent Directors at any time they consider necessary and may excuse such persons from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate. However, the contribution and experience of all Board members is considered useful and open discussion amongst the independent Directors is not inhibited by the presence of the non-independent Directors. Accordingly, their exclusion from a board meeting is not always warranted.

In the fiscal year ended March 31, 2015, in view of the financial condition of the Corporation, the Board appointed a Special Committee, composed of non-management directors and not including the CEO, to review and consider financial restructuring alternatives. The Special Committee appointed its own independent legal advisors and met with the Corporation's financial advisors and, as considered necessary or desirable, without management in attendance. The Special Committee held several meetings both with and without the members of management during the fiscal year ended March 31, 2015.

On April 2, 2015, with approval of the Special Committee, the Corporation instituted proceedings in the Ontario Superior Court of Justice for a financial restructuring by means of a plan of compromise or arrangement under the Companies Creditors Arrangement Act,

In addition, the Audit Committee, comprised entirely of independent Directors, did meet with the auditors of the Corporation in the absence of members of management prior to the Board's consideration of the audited annual and interim financial statements.

The Audit Committee is composed of independent Directors who meet with the Corporation's auditors and, if considered necessary or desirable, without management in attendance. The Audit Committee meets with the Corporation's auditors in the absence of management at least once per year to review the results of the Corporation's annual audit.

Danesh Varma	Anglesey Mining Plc (CFO & Director) Brookfield Infrastructure Partners L.P. (Director) Conquest Resources Limited (CFO) Minco Plc (CFO, Secretary, & Director) Xtierra Inc. (CFO & Director)

John Kearney and Danesh Varma serve as Directors of a number of associated public companies, which have overlapping or common management and which share office space and other facilities with the Corporation. In a general sense, these companies operate as a “group” of which John Kearney may be considered “group” Chairman. John Kearney is the lead independent director of Avnel Gold Mining Limited.

2. Board Mandate

The Board does not have a written mandate. Its mandate is to supervise the management of the business and affairs of the Corporation. As part of its overall stewardship, the Board assumes responsibility for strategic planning, identification of the principal risks associated with the Corporation’s business and ensuring appropriate management of these risks. The Board is also responsible for making all senior officer appointments, performance evaluation, management development and succession planning.

3. Position Descriptions

Given the size of the Corporation’s corporate structure, the Board does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for any of the Chairman of the Board, Chairmen of Committees of the Board or the Chief Executive Officer in order to delineate their respective responsibilities. Accordingly, the roles of the Chairman of the Board and the Chairman of the Committees are delineated on the basis of customary practice.

The responsibilities of the Chairman and Chief Executive Officer include presiding over Board Meetings and ensuring the efficient operation and functioning of the Board and include, subject to the oversight of the Board, developing the Corporation’s overall strategic plan, general supervision of the business of the Corporation, providing leadership and vision to the Corporation and developing and recommending corporate strategies and objectives for approval by the Board.

4. Orientation and Continuing Education

The Board recognizes the importance of continuing education to ensure that Board members maintain the skill and knowledge for them to meet their obligation as Directors. The Corporation currently has no formal orientation and education program for Board members. Information (such as recent reports, prospectus, proxy solicitation materials, technical reports and various other operating, property and budget reports) is provided to Board members to ensure that Directors are familiarized with the Corporation’s business and the procedures of the Board. In addition, Directors are encouraged to visit and meet with management on a regular basis and visit the Corporations mine site at least once per year and meet with operating management.

The Corporation also encourages continuing education of its Directors by distributing information on industry and regulatory matters and by facilitating attendance at industry conferences, seminars or courses at the Corporation's expense.

5. Ethical Business Conduct

The Board has adopted a formal Code of Ethics (the “Code”) for directors, officers and employees. A copy may be obtained on the website of the Corporation at www.labradorironmines.ca. In order to ensure compliance with the Code and that Directors exercise independent judgment, the Board has assumed responsibility for: approving transactions involving the Corporation and any “related party” (as that term is defined in Ontario Securities Commission Rule 61-501); monitoring the Corporation's compliance with strategic planning matters; assessing the effectiveness of committees and individual Directors; and reviewing changes in compliance policies, standards, codes and programs, as well as applicable legislation.

In addition, the Corporation has in place a Whistleblower Policy pursuant to which employees are encouraged to report violations of the Code or matters related to accounting, internal controls and auditing. The Board has also adopted a policy of permitting individual Directors under appropriate circumstances to engage legal, financial or other expert advisors at the Corporation's expense.

The Board conducts periodic reviews of the Corporation's corporate governance practices and procedures in light of applicable rules and guidelines and the current status and stage of development of the Corporation.

Directors are expected to adhere to all corporate law requirements in respect of any transaction or agreement in which they may have a material interest. It is a requirement of applicable corporate law that Directors who have an interest in a transaction or agreement with the Corporation promptly disclose that interest at any meeting of the Board at which the transaction or agreement will be discussed and abstain from discussions and voting in respect to discussions same if the interest is material. Where appropriate, any director having a material conflict of interest will be expected to withdraw from the meeting and not participate in the meeting where such matter is being considered so that the remaining Directors may properly exercise independent judgment.

Certain of the Directors and officers of the Corporation also serve as Directors and/or officers of, or have significant shareholdings in, other companies involved in natural resource exploration and development and consequently there exists the possibility for such Directors and officers to be in a position of conflict. The Board values the participation of Directors on the boards of other companies in the mineral industry as this provides exposure to developments and other opportunities which are useful to the experience of the Directors and potentially beneficial to the Corporation.

In cases where Board members are also Directors of other companies, the Board does not believe these instances in any way compromise the independence or ability of the Directors to carry out their duties in respect of the Corporation, so long as such Directorships do not create a conflict of interest with their duties as a director of the Corporation. In addition, each of the Directors is required to declare and refrain from voting on any matter in which such Directors may have a conflict of interest in accordance with the procedures set forth in the Business Corporations Act (Ontario) and other applicable laws. Any decision made by any of such Directors and officers involving the Corporation will be made in accordance with their duties and obligations to deal fairly and in good faith with a view to the best interests of the Corporation and its shareholders.

6. Nomination of Directors

The Board does not have a separate nominating committee. In normal circumstances the Board performs the functions of a nominating committee with responsibility for the appointment and assessment of Directors. In view of the current status of the Corporation, the composition of the current Board and the service of the current members of the Board, a separate nominating committee has not as yet been considered necessary by the Corporation.

While there are no specific criteria for Board membership, the Corporation attempts to attract and maintain Directors with business experience and a particular knowledge of mineral exploration, project development and mining or other areas such as finance or Aboriginal Affairs which would assist the officers of the Corporation. As such, nominations to the Board have been the result of recruitment efforts by management of the Corporation and discussions among the Directors prior to the consideration by the Board as a whole.

The Company has not adopted specific term limits for the directors on its Board. The Company believes that term limits on directors would be unduly restrictive and not in the best interests of the Company, and could become an arbitrary mechanism for removing directors which could result in qualified and experienced directors being forced to leave the Board solely because of length of service.

7. Compensation

In view of the financial position of the Corporation no cash compensation was paid to directors for the most recently completed financial year. Payments of cash retainer fee were suspended effective June 30, 2013 and the grant of Deferred Share Units was suspended effective March 31, 2014, as described under "Compensation of Directors". In normal circumstances all Directors are eligible to participate in the Corporation's Stock Option Plan. See "Compensation of Directors".

8. Board Committees

The Board currently has three committees: the Compensation Committee, the Audit Committee, and the Health and Safety Committee. From time to time, the Board may form ad hoc committees to consider specific transactions comprised of persons unrelated to the transaction. The Chairman of the Corporation does not sit on these committees. During the year ended March 31, 2015, the Board appointed a Special Committee to review financial restructuring of the Corporation.

9. Assessments

The Board does not, at present, have a formal process in place for assessing effectiveness of the Board as a whole or its individual directors.

10. Board and Corporate Diversity

The Company currently does not have any women Board members or in executive officer positions (as such term is defined in the Canadian Securities Administrators guidelines for effective corporate governance). However the Company recognises the value of individuals with diverse attributes on the Board and in executive officer positions and the desirability of representation of women on the Board and in executive officer positions.

The Company has not adopted a written policy relating to the identification and nomination of women directors or regarding the number of women in executive positions because it does not believe that a written policy is the best way to achieve the Company's business objectives.

The Company believes that the interests of the Company would be best served by ensuring that new directors or executives are identified and selected from the widest possible group of potential candidates. A formalized written diversity policy governing the identification and selection of potential women candidates may unduly restrict the Company's ability to select the best and most suitable candidate.

The Board is responsible for establishing qualifications and skills necessary for an effective Board and various committees of the Board and for senior executive positions, including factors such as professional experience, particular areas of expertise, personal character, potential conflicts of interest, diversity and other commitments.

Although diversity, which includes diversity in gender, age, ethnicity and cultural background, is one of the factors considered in the Company's identification and selection process, other factors, including knowledge and relevant experience, or particular areas of expertise, are given greater consideration in the identification and selection process. In light of the Company's view that candidates should be selected from the widest possible group of qualified individuals, the level of representation of women may be considered but is not a major factor in identifying and appointing individuals to the Board.

The Company's policy with respect to the representation of women in executive officer positions is the same as its views on the representation of women in the director identification and selection process. In making decisions as to executive officer appointments, the Company believes that decisions to hire or promote an individual should be based on that person's knowledge and experience, particular areas of expertise, character and merit. Accordingly, the representation of women in executive officer positions may be considered but is not a major factor and is not an issue when making executive officer appointments.

The Company has not adopted a target regarding the representation of women on the Board or in executive officer positions for the reasons set out above. The Company believes that adopting such a target would unduly restrict its ability to select, hire or promote the best and most suitable candidate for the position in question.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

The Corporation's Audit Committee is governed by an Audit Committee Charter (the "Charter"). The Charter has been adopted by the Board of Directors in order to comply with NI 52-110 and to more properly define the role of the Committee in the oversight of the financial reporting process of the Corporation. - (7) The Committee shall provide oversight to any related party transactions entered into by the Corporation.
- (8) In the event that the Corporation wishes to retain the services of the Corporation's external auditors for tax compliance or tax advice or any non-audit services the Chief Financial Officer of the Corporation shall consult with the Audit Committee, who shall have the authority to approve or disapprove such non-audit services. The Audit Committee shall maintain a record of non-audit services approved by the Audit Committee for each fiscal year and provide a report to the Board on an annual basis.

The Audit Committee reviews with the auditors whether the non-audit services to be provided are compatible with maintaining the auditor's independence.

Since the commencement of the Corporation's most recently completed fiscal year, there has not been a recommendation of the Audit Committee to nominate or compensate an external auditor which was not adopted by the Board of Directors.
